A POSITIVE WORK ATMOSPHERE AND AN “EMPHATICALLY GREAT” TEAM GARNERS A BEST PLACES TO WORK AWARD

PHOENIX, Ariz.—BestBill®, a provider of innovative billing and payment technology, was awarded one of the “Best Places to Work” in 2010 by the *Phoenix Business Journal*. Through a third-party administered employee satisfaction survey, the “Best Places to Work” list recognizes Valley companies that have been positively rated by their employees as one of the best places to work in Phoenix. The areas surveyed include parts of employee life, including workplace environment, leadership direction, culture, and management practices.

“BestBill has a unique team culture evidenced by the way our people approach their work - with freedom to challenge each other, an established process, or new idea,” said Dan Haugland, founder and CEO of BestBill. “Our team has the desire to exceed expectations and does great things for the company and our customers.”

Despite the current economic climate, BestBill continues to weather the economic storm with its commitment to providing “Emphatically Great” customer service, creating innovative billing technology tools, and supporting its team with a positive, nurturing work environment. Some of the perks BestBill employees enjoy include telecommuting and flexible work schedules; a “Sanctuary” room where employees can nap, relax, and unwind; a ping-pong table; a full kitchen where employees can create meals from scratch; and frequent celebrations marking company milestones, employee recognition, and more.

BestBill’s unique culture has earned numerous awards and recognition in local and national business communities. BestBill has appeared on the Inc. 5000s list for four consecutive years; and, in 2009, BestBill received the Arizona Business of the Year award by the U.S. Small Business Administration. BestBill has also appeared on the *Phoenix Business Journal*’s “Best Places to Work” list multiple times. In 2006, BestBill was awarded Small Business of the Year by the publication; and in 2010, the company ranked number 18 in the micro-sized company (10-49 employees) category.
