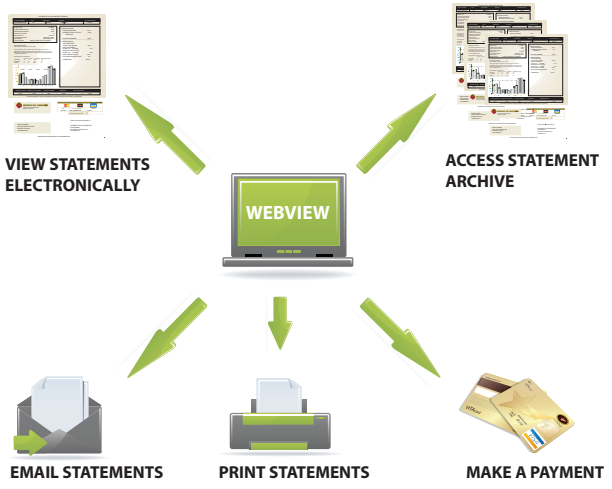
ELECTRONIC BILL PRESENTMENT & PAYMENT

Cash is a vital component in running a business, so naturally it is in a company's best interest to collect Outstanding Receivables as quickly as possible. By quickly turning sales into cash, a company can use the cash to reinvest and do more business.

BestBill's Electronic Bill Presentment and Payment (EBPP) service is an all-in-one solution that allows companies to present their billing documents electronically to their customers and to collect payments online. Customers can receive E-statements and email notifications, make a payment online or by phone, and access account information.

ALL-IN-ONE STATEMENT PROCESSING



BEST TECHNOLOGY + BEST PEOPLE = BEST RESULTS

BestBill's core competency and foundation is built on WebView™, an innovative bill-pay technology and its supporting products and services. For more than 10 years, BestBill has created tools that help companies improve the management of billing documents and payment information.

Visit www.BestBill.com for more information on how we can enhance your cash flow position, and the delivery and presentation of your billing documents.

DID YOU KNOW?

BestBill's average Days Sales Outstanding (DSO) for Electronic Bill Presentment & Payment (EBPP) documents is 19 days—most companies can take an average of 30 days to collect their Accounts Receivables.

FEATURES & BENEFITS

- Reduce printed statement costs, which can range from $.30 to $.50 per statement
- Eliminate payment processing costs related to a bank's fee for processing and posting payments
- Decrease Float Time from 55 days to less than 30 days
- Minimize customer service costs & enhance customer communications
- Provide customers with greater convenience, flexibility, and cost savings
- Strengthen "Go Green" efforts
- Automatic Pay Portal. Customers can make secure, online payments with credit cards or ACH, and schedule recurring payments
- E-Mail Notification. Notify customers when statement is ready for viewing and automate other messages
- Multiple layers of security that protect intellectual data and payment information
